WORKFORCE.**

Southeast Wisconsin Reentry Employment Expo

-Working With Our Neighbors-

Thursday, May 17, 2018

8:00 am - 4:00 PM Stop in anytime

Location: Cousins Center, 3501 S. Lake Drive, Milwaukee

Having trouble finding your next employee? Workforce is the #1 concern of business owners throughout the state. This **free event** will help your business connect with resources that help formerly incarcerated individuals successfully re-enter the workforce.

Wisconsin's unemployment rate has dipped below 3% resulting in the lowest recorded unemployment rate in the state's history. A recent employer survey conducted by Manpower indicated that Wisconsin employers projected one of the highest job growth rates in the nation for 2018

Businesses and HR professionals are invited to this new, no-cost networking event to learn how to successfully employ our previously incarcerated citizens. Agencies preparing ex-offenders to succeed in the workplace will be on hand to answer your questions and explain why your business - and your community - will benefit when you hire returning citizens.

Special Guest:

Auxiliary Bishop Jeff Haines will welcome morning attendees.
