Paid Work Experience Example

A small local bakery brought on an individual trained in ServSafe to assist in the kitchen. Employ Milwaukee paid the worker \$15/hr. and the bakery owner collected weekly timesheets and provided worksite training and supervision. The individual worked 29 hours per week for 8 weeks, equating to \$3,480 in hourly wages received in paychecks from Employ Milwaukee. The bakery hired the individual on permanently and successfully expanded their business hours and profit margin.
