

REQUEST FOR PROPOSALS (RFP)

For

WIOA OSY TITLE 1

Release Date: March 10, 2017

Amendment 1

Amendment Date: March 31, 2017

The following changes have been made to the original WIOA OSY Request for Proposals, which are reflected in the updated document:

1. Page number and content ordering corrections to the Table of Contents.
2. **On page 6, edits were made to the Central Intake Model description in section 2.3**, which can be viewed in the document. While the original had Employ Milwaukee determining eligibility and administering assessments, the revision reflects that Employ Milwaukee will only handle the common intake form.
3. **Page 10 originally contained the line, “Applicants responding to this RFP should propose to enroll 125 out-of-school youth per year (new cases, not carry over from any previous contract).” It is no longer the case that none of the 125 may be carry-over.** This area has been edited and expanded to the following on pages 10-11:

“Applicants responding to this RFP should propose to enroll 125 out-of-school youth per year. Some carryover cases transferred from an existing caseload may count on a provider’s caseload if they meet certain criteria for active engagement. If a bidder is an existing OSY provider and is awarded, the agency will keep its existing caseload. If the bidder is a new OSY provider, they will likely be given some carryovers from previous OSY providers. The extent to which these will count toward the required 125 participants per year will be negotiated based on factors including but not limited to the documented frequency and timing of contacts to engage and work with the carryover cases. The projected number of carryover cases is estimated to range between 50 and 75.”
4. On page 31, under “6.3 Proposal Narrative,” the heading “E. Financial Management and Organizational Stability” is corrected to be listed as 20 points instead of 10.
5. On page 48, Attachment F – Proposal Checklist, an incorrect line is now deleted. In the proposal narrative category, the number 6 line listing “Price/Cost Analysis & Value” should be disregarded and is now eliminated.
6. Please note additional forms are now posted in Word on the website.
