I. EXECUTIVE SUMMARY

1.1 EMPLOY MILWAUKEE'S APPROACH

As the Workforce Development Board for Milwaukee County (WDA 02), Employ Milwaukee Inc., (EMI) is committed to supporting Milwaukee County residents in their search for economic self-sufficiency and supporting employers by collaborating with them to create a talent pipeline for a knowledge-based economy.

EMI evaluates labor supply and demand to provide program and services with a goal of connecting people to employment for a lifetime. EMI's Industry Advisory Boards (IAB) are employer-driven and committed to providing labor demand expertise in regional growth sectors including manufacturing, construction, financial services, healthcare and hospitality. Labor supply is represented by the EMI's Coordinating Council, a formal network of community-based organizations that provide specialized services to address barriers to employment for residents.

Respondents should be prepared to participate with Employ Milwaukee staff and IAB partners to provide an aligned system approach to delivering WIOA business services, including working to ensure that program participants are being trained to industry standards and addressing the needs of the industry sector. Successful respondents will be able to show 1) evidence of and resources to collaborate; 2) leveraging to achieve comprehensive program services; and 3) specific linkages with and expertise in the targeted sector groups.

1.2 WIOA PROGRAM OVERVIEW

The **Workforce Services** to be provided shall be in accordance with the Workforce Innovation and Opportunity Act (WIOA), P.L. 113-128, enacted July 22, 2014. WIOA supersedes the Workforce Investment Act of 1998 and amends the Adult Education and Family Literacy Act, the Wagner Peyser Act, and the Rehabilitation Act of 1973.

The purpose of WIOA is to better align the workforce system with education and economic development in an effort to create a collective response to economic and labor market challenges on the national, state, and local levels.

As WIOA implementation progresses, success in accomplishing the purposes of WIOA at the State, local, and regional levels, will be determined by whether:

- One-stop centers are recognized as a valuable community resource and are known for high quality, comprehensive services for customers.
- The core programs and one-stop partners provide seamless, integrated customer service.
- Program performance, labor market, and related data drive policy and strategic decisions and inform customer choice.
- Youth programs reconnect out-of-school youth (OSY) to education and jobs.
- Job seekers access quality career services either online or in a one-stop center through a "common front door" that connects them to the right services.
- One-stop centers facilitate access to high quality, innovative education and training.
- Services to businesses are robust and effective, meeting businesses' workforce needs across the business lifecycle.

WIOA is a primary source for workforce development activities at EMI and respondents **MUST** be familiar with the federal regulations applicable to WIOA. Both WIOA and the regulations can be accessed on the Department of Labor's site (www.doleta.gov). In addition, the State of Wisconsin Department of Workforce Department of

Workforce Development website includes the Wisconsin State Plan and other technical guidance documents that may aid respondents in developing their proposal (<http://dwd.wisconsin.gov/wioa/>).

1.3 SOLICITATION OVERVIEW

Employ Milwaukee, Inc.(EMI), issues this Request for Proposals (RFP) to solicit agencies capable of successfully delivering **Workforce Services** in Milwaukee County. It is EMI's intent to award contracts for Workforce Services that includes the One Stop Operator, WIOA Title 1 Adult and Dislocated Worker services. Respondents are **required** to respond to all three to be considered for a grant award. The specifics of these services are discussed in **Section III Scope of Work**.

Obligations under this RFP are conditional upon the availability of funds. Performance and obligations under this RFP are contingent upon an annual appropriation by the United States Congress that is permitted with the United States Department of Labor and the Wisconsin Department of Workforce Development to contract for services. Employ Milwaukee reserves the right to terminate or adjust this RFP to conform to available funds.

This procurement for Workforce Services is not "business as usual" for Milwaukee County. This is an opportunity for unique and **innovative** services that offers workforce development an opportunity for a fresh approach to connect adult workers to employers, while demonstrating a cost effective service delivery plan through unique community and employer collaborations and partnerships.

It is the expectation that proposal responses sufficiently articulate the respondent's plan of action to deliver the solicited services and demonstrate a successful performance track record in delivering the solicited services or comparable services. Responses also need to document an in depth knowledge of the fiscal, administrative and programmatic requirements of the funding stream (s) used by EMI.

1.4 ELIGIBLE RESPONDENTS

The eligible applicant may include private and public entities, secondary or post-secondary education institutions, faith based organizations, for-profit and not-for-profit agencies, Community Based Organizations (CBO), or other entities. Partnerships or consortiums may respond; however, collaborations submitting proposals must identify a lead entity that will be responsible for management, coordination of services, operations, financial accountability, legal obligations and all reporting requirements. This lead entity must demonstrate its capacity to set direction, achieve outcomes, leverage matching or in-kind resources and manage overall operations, including staff oversight, customer services, continuous improvement and achievement of performance outcomes. Organizations applying that have a strong understanding of the local workforce system, a comprehensive employer base, knowledge of the challenges to job seekers and established local and regional relationships with educational and training organizations, employers, and active community based non-profits in the region will be given priority.

The prospective recipients of federal assistance funds certifies, by submission of this proposal, that neither they nor their principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

Respondents must have the technical competence, expertise in management and administration, professional staff, and administrative and fiscal management systems to accomplish the goals and objectives stated in this RFP and meet high standards of public service and fiduciary responsibility. Respondents are responsible for being

knowledgeable of regulations of the specific funding sources involved and applying them in developing the RFP responses.

Selected respondents will be required to meet performance measures based on the new WIOA rates Employ Milwaukee negotiates with the Department of Workforce Development every year.

III. CONTRACT & APPLICATION PROCESS DESCRIPTION

3.1 CONTRACT, AWARD DESCRIPTION & REQUIREMENTS

The contract (s) developed pursuant to this RFP will be negotiated to result in reasonable sub-recipient risk and provide the sub-recipient with the greatest incentive for efficient and economical performance. Cost reimbursement type contracts are anticipated, however, EMI reserves the right to negotiate the contracting arrangements to include such contract types as firm fixed price, fixed price incentive fee, and cost plus fixed fee. Thus, at any point during contract performance, the contract may consist of more than one type of arrangement, as mutually agreed upon by the parties.

Sub recipients must have financial resources or the ability to obtain financial resource sufficient to meet their cash flow needs for a minimum of an 8-week period.

Respondents responding to this RFP should propose to minimally enroll 600 Adult and 600 Dislocated Workers per year (new cases, not carry over from any previous contract).

In keeping with EMI's commitment to continuous improvement, EMI anticipates awarding fewer contracts than in previous years in order to promote efficient and effective practices. Respondents have the option to provide all services as a single entity or may opt to establish sub-awards for programs and/or services. Any and all sub-award agreements must be identified and be accompanied by an MOU attached with the proposal.

The award amount for the One Stop Operator shall be contingent upon cost-sharing agreements negotiated with One Stop Partner agencies. The total award amount for Workforces Services (OSO, Adult and Dislocated Worker Program services) shall be in the amount of **\$1,000,000. Obligations under this RFP are conditional upon the availability of funds.**

One-year contracts will be issued with option for EMI to choose up to two (2) additional one-year renewal options based on available funding and performance. (Thus, the entire potential contract scope is three years.) Offers to extend contracts are at the sole discretion of EMI based on satisfactory performance, compliance with contractual obligations, and other factors as determined by Employ Milwaukee. Employ Milwaukee reserves the right to terminate the contract annually or earlier based on contractor performance and compliance with contractual terms and conditions.

It is anticipated that applicants will budget and plan for at least three full-time positions. These are to consist of at least one full time Career Coach (a role formerly termed Case Manager) who is 100% assigned to this contract, and at least one other full-time staff person who is 100% dedicated to this contract (this could be a second full-time Career Coach, or a different role that you describe), and a One Stop Career Center Manager. Overall staffing plans can exceed this – these are minimum requirements.

Final contracts will be subject to any changes in the legislation or policies of the funding sources. Employ Milwaukee reserves the right to vary or change the terms of any contract, including funding levels, scope of work, performance standards, referral sources, and shortening or extending the contract period.

The appropriate form(s) must be filed with the Grantor before the contract can receive final approval.

A new certification and disclosure report (where applicable) must be filed with the Grantor at the beginning of each program year. When events occur which materially change the information originally provided on the disclosure report, an amended form must be filed.
